

Wednesday 5th January 2022

Dear families,

On Monday 10th January, Quartz class will be spending the morning at Capel's Mill and the canal. Whilst there, we will be studying a variety of habitats which links to our topic "Our Amazing World".

We will be leaving school at 9.15am and will return for lunchtime. Please send you child to school with their lunch/ ready for school dinners as normal. As we're walking to and from the site, the children should wear school uniform but as we will be outside please send them to school wearing appropriate clothing and shoes for the weather.

We will take lots of photos of our trip so do keep an eye on our Quartz class blog to see what we get up to.

With many thanks,

Mrs Barrett, Mrs Jowers and Mr Bartrop
