CAPEL'S MILL—AVENTURINE

Last Thursday Aventurine class went to Capel's Mill to develop their Geography Field Skills and learn about the migration of eels.

We met Tasmin from the Stroud Water Project. Here, she led us in a fieldwork investigation. She taught us the names of equipment, which we then used to carry out a filtration experiment where we looked for Eel DNA.

We have sent our samples off to Slimbridge who will take a look and see if the sample we tested did have eel DNA in it.

CHILDREN IN NEED- UPDATE

We had a final count up this week of all the sponsor money and donations and we are very happy to tell you that we raised a 'Spotacular' £1221.69!

DO NOT PARK OUTSIDE OF SCHOOL!

This morning a parent was hit by a car that was parked outside the school gates. This could very easily have been a child. This has been reported to the police, who have asked for registration numbers and or photos of any cars seen to be parking outside of our school to be forwarded to them in the future.

Parking permits are still available from the school office if you have not already collected one. This allows you to park safely in Parliament Street car park for free at drop off and collection times.
